Greenfinch: 6 points

Heron: 8 points

Jay: 9 points

Magpie: 5 points

Moorhen: 5 points

Robin: 5 points

Swan: 6 points

Thrush: 5 points

Wood pigeon: 4 points

Wren: 6 points

#### Birdwatching tips:

If you can, take binoculars, a bird book, a camera and notebook to note down or draw what you've seen. You might like to make a recording of birdsong too.

Be very still and quiet! Birds are very sensitive to humans and may hide or fly away if they sense you, so find a good spot to hide, wear a colour that will camouflage you, like brown or green), and wait for a while to adjust to your surroundings.
